

PROJECT PROFILE

Work by O'Brien

Construction of Leisure Centre, Stafford. Works consisted of two swimming pools, foundations with pile caps, ground beams, ground floor slabs as well as first floor in-situ beams and floors. In all over 2,500m³ of concrete was used. The works were constructed on running sand and involved de-watering for a six month period.

In addition to structural works, drainage, car parks, paving and landscape works were carried out.
