

PROJECT PROFILE

Work by O'Brien

Our contract works included mass fill reinforced foundations, internal drainage for bathroom pods, kitchens and public areas, along with construction of the ground floor slab.

External works consisted of car parking areas constructed using the formpave block paving system, tradition tarmac construction to the access roads and paving to pedestrian areas, together with other works such as street furniture and services.

The contract was completed on time to a tight programme within an existing commercial area consisting of pubs and restaurants.
